

EXPERIENCE THAT PREPARES STUDENTS FOR SUCCESS

The way college should be: experiential, practical, and real.

Since 1911, SMC has steadfastly delivered on its promise to students and Spartanburg by investing in excellent education. Your support integrates academics with real-world learning through faculty-led field experiences, hands-on research, and discipline-specific site visits—connecting classroom concepts directly to deeper understanding.

The most transformative experiences require resources beyond standard course fees. Hotel stays for multi-day field studies, meals during research trips, conference registration for student presentations, specialized equipment for field work—these costs can prevent students from participating. Your investment ensures no student will miss out due to cost.

Your Support Enables

- ❖ Faculty-led field trips and site visits tailored to specific disciplines
- ❖ Student research opportunities and presentation experiences
- ❖ Hands-on projects that deepen comprehension and engagement
- ❖ Reflective learning that helps students connect theory to experience

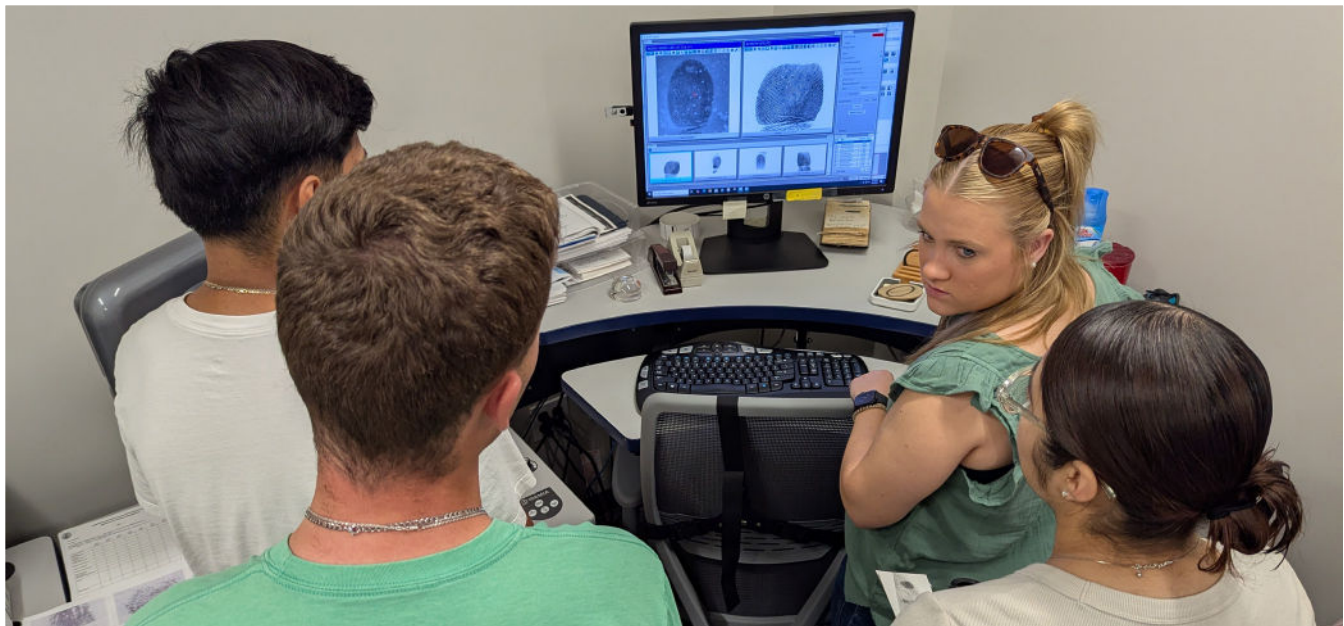

KEEPING THE PROMISE

THE CAMPAIGN FOR SPARTANBURG METHODIST COLLEGE

WHAT'S AT STAKE

If we invest: students learn by doing with experiences that enhance understanding, guided by supported faculty, discovering their potential through active engagement.

If we don't: fewer experiential opportunities make it harder for students to fully grasp complex concepts—and for SMC to keep its promise.

Make a Transformational Investment

**Keep the Promise:
Back Experiential Learning
for Every Student**

Funding Opportunities:

Faculty Field Study Grants - \$25,000

Student Conference Travel - \$25,000

Discipline-Specific Experiential Learning - \$25,000

Every space has the power to change a life. When you invest in experiential learning, you're ensuring that every student connects classroom knowledge to real-world experience—deepening understanding and discovering their potential through active engagement.

Faculty-led experiences have already transformed how students learn across disciplines. Your investment ensures every student, regardless of major, gains the hands-on learning that makes education memorable and meaningful.
